Actual Results	<p>This past year Redwood County issued no variances in the Shoreland District and no permits for excavation or extraction in the Shoreland District, except for excavation in connection with building permits outside of the 150' setback from ordinary high water. Thirteen building permits were issued, including three home additions, two new homes (one on an existing subdivision lot and one at an existing farm site), two rustic cabins (no utilities), five sheds/farm shops (2 new, 3 additions), and one grain bin. The two rustic cabin sites were inspected by County staff in connection with the installation of holding tanks (privies). About half the remaining sites were inspected by private State-licensed septic inspectors per Shoreland Ordinance requirements and SSTS compliance reports were provided to the County. The rest had no SSTS located within the Shoreland.</p>
